Benefit & Fundraiser

for the

Bob Sojka
FAMILY

16618 MUESCHKE RD
APRIL 13
1-6 PM

This fundraiser is for Bob Sojka and his wife Kat, who has been diagnosed with Non-Hodgkins Lymphoma.

She is working very hard to make it through her treatments; however, during the last few months of running to and from doctor appointments, their car overheated and the head is now warped. Their savings have been depleted and they are having to borrow a car from their family. Bob is covered under FMLA, but at this point, he has no personal days left, which is causing him to take a lot of time off without pay. Bob and Kat are also caring for a teenage daughter, as well as, Kat's mother.
